OGWDW contacted Region 5 requesting a one-pager on the DuPont/Washington Works site. OGWDW is anticipating a request from the Administrator on all PFAS matters and wants to be prepared for that request. That document is attached. Roger and I have reviewed the summary and commented. I believe that I have forwarded this current draft to you all previously, but in an abundance of caution I am sending it forward once again. Please let me know if you have any substantive changes/comments/concerns.

I believe that Region 5 will be sending it to OGWDW by cob tomorrow.

Thanks,

Andy
